Hi Don,

Sorry for delayed response. There are quite a few comments and Rick is going to set up a meeting for discussion of them. Our office feels it is best to go over it in person. When can you meet?

thanks

The BID Board will be meeting this week and I'm wondering if there is any news, or an estimated time of completion for the City Clerk's Office initial document review, that I can report. Thanks for any info you can provide for me to share.
